

## A Home for All Seasons

We live our lives differently in each season. Consider how you spent your time during the different seasons. Remember—write details!

- How did you keep the house warm in winter and cool in summer?
- Did you dress by a heater or woodstove on cold winter mornings? Sleep on the porch on hot summer evenings?
- Did you have to rake leaves in the fall? Shovel snow in the winter? Mow in the summer?
- Did the whole family pitch in for spring cleaning?
- Describe what it was like to open the house on the first warm days of spring.
- What was your favorite season? Why?
